

Tick Identification Service | Ohio Department of Health

The Ohio Department of Health accepts ticks (or photos of ticks) year-round for species identification. The CDC does not recommend testing ticks for diagnostic purposes. Call 614-752-1029 with any questions.

Submitting a Tick:

- Place the tick in a leak-proof container, such as a pill bottle. If the tick is alive, add a small drop of water. If the tick is dead, add a few drops of rubbing alcohol. Seal the container in a plastic bag.
- Complete the form below. Place the form and the tick in a padded envelope for shipping.
- Mail the tick to: Zoonotic Disease Program Tick ID
Ohio Department of Health
8995 East Main Street, Building 22
Reynoldsburg, OH 43068
- Instead of mailing the tick, photos can be sent to zoonoses@odh.ohio.gov along with the form below.

Visit <https://ohio.gov/tick> for information about ticks and tick-borne diseases in Ohio.

Tick submission kits with forms, tubes and padded envelopes are available to local health agencies upon request.

Tick Identification Submission Form
